

Infinite Web of Reality

To Fully Understand
Any One “Thing,”
We Discover
We Must Move
Step By Step
Larger and Smaller
Thru the Entire Web
Of Reality.

At Every Scale
In Every Way
Separateness
Is An Illusion.

We All Operate
Within This Illusion,
And
We SEEM
To Get Away With It,
Enjoying “Free” Will,

Until
We Hit
A Web Flexibility Limit.

Welcome
To
A Broken Arm,
Climate Change,
A Supernova!

Mostly Unnoticed,
Our
Every Thought
Every Blink
Every Act
Ripples
Through the Universe.
