

Reality's Secretive Waves

Everywhere In the Universe
Reality's Foundation
Is Particle – Anti-Particle,
Instantaneous Presence and Absence,
On and Off,
Here and Gone,
The Underlying Source
Of Constant Change.

Life Persists
Within the Infinity
Of Particle – Anti-Particle
As Tiny Energy Fields
Emerge and Disappear
In Cycles
Of Meaningless
Ons and Offs.

Forlorn,
We Create Meaning
For Ourselves,
Desperately Wanting
Our Here and Gone
Ever Changing Cocoon
To Settle,
Provide a Direction,
And Reveal a Purpose.

Sorry,
No Adequate Revelation Emerges.

On Perpetual Hold,
We Drift Unresolved
Within
Reality's Secretive Waves.
